4. First aid measures

4.1. Description of first aid measures

General

In all cases of doubt, or when symptoms persist, seek medical attention.
Never give anything by mouth to an unconscious person.

Inhalation

Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

Eyes

Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.

Skin

Wash skin thoroughly with soap and water.

4.2. Most important symptoms and effects, both acute and delayed

Overview

Asthmatics, allergenic and hypersensitive persons may be sensitive to grain products. The dust may cause irritation to the skin, eyes or respiratory tract. If the user's process generates respirable dust, then respiratory protection must be used. Smokers have an increased risk to respiratory effects.

Moderate to severe symptoms of cough and sputum production.

Respiratory conditions may be aggravated by chronic or acute exposures.

5. Fire-fighting measures

5.1. Extinguishing media

Water, water fog, foam, dry chemical powder, carbon dioxide

5.2. Special hazards arising from the substance or mixture

Hazardous decomposition: No hazardous decomposition data available.

Keep away from heat / sparks / open flames / hot surfaces - No smoking.

Ground / bond container and receiving equipment.

Use explosion-proof electrical / ventilating / light / equipment.

5.3. Advice for fire-fighters

Straight streams may disperse dust into air. Dust dispersed by hose streams may explode.

ERG Guide No. ----

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.3. Methods and material for containment and cleaning up

Clean up: vacuum, scoop, shovel or sweep. Milled grain products are combustible but not generally flammable. The dispersal of milled grain products into confined atmospheres at high density (over 50 mg/m³) could produce product and air mixtures that are ignitable or explosive.

7. Handling and storage

7.1. Precautions for safe handling

Avoid dust generation when handling product to minimize dust explosion potential.

See section 2 for further details. - [Prevention]:

7.2. Conditions for safe storage, including any incompatibilities

Handle containers carefully to prevent damage and spillage.

Keep container tightly closed.

Incompatible materials: No data available.

Store in a cool, dry place, away from high heat sources

7.3. Specific end use(s)

No data available.

8. Exposure controls and personal protection

8.1. Control parameters

Exposure

CAS No.	Ingredient	Source	Value
0130498-22-5	Wheat flour	OSHA	No Established Limit
		ACGIH	No Established Limit
		NIOSH	No Established Limit
		Supplier	No Established Limit

The exposure limits for nuisance dust are: OSHA PEL: 15 mg/m³ (50 mppcf*) TWA, ACGIH 10 mg/m³.

Carcinogen Data

CAS No.	Ingredient	Source	Value
0130498-22-5	Wheat flour	OSHA	Select Carcinogen: No
		NTP	Known: No; Suspected: No
		IARC	Group 1: No; Group 2a: No; Group 2b: No; Group 3: No; Group 4: No;

8.2. Exposure controls

Respiratory

Approved dust masks (MSHA or NIOSH)

Eyes

Goggles, if necessary.

Engineering Controls

Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Other Work Practices

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:
